

Tips For Curbside Waste & Recycling Pick-Up

- Fit all Waste & Recycling into the appropriate cart with the lid closed.
- All bagged household waste should be placed inside the trash cart.
- Recycling should be loose and placed inside the recycling cart.
- Rinse out recyclables before placing them loose, **inside** of the cart.
- Set the carts out the night before or before 6am on your service day.
- Place carts no more than two feet off of the road or just into the street.
- Carts should open towards the road with wheels towards the home.
- Place the carts where they will be free from obstructions, at least 5 feet from any other objects and each other.
- Keep the service area free from obstructions.
- Do not park in front of the service area.
- Minimize odor by cleaning the container with bleach periodically.
- All cardboard should be cut or broken down & fit into Recycling cart loosely.
- Shredded paper should be placed into a clear bag and set inside the recycling cart.
- If you have a damaged cart please call Borden (800) 386-3313 to have the cart repaired or replaced.
